Inspired by and companion to the book *One Nation Under God: The History of Prayer in America*, this two-part documentary will air on PBS in late November 2007, in search of an answer to the question: What role has prayer played in shaping the development and history of America? By asking rhetorically, “How did we get here?” this show examines the ways in which prayer has contributed to and continues to shape the American experience.

*Join us for a Lehigh Valley community dialogue*

**Thursday, November 15th at 7:00 PM**

**White Pavilion - DeSales University Center**
