Is your institution a member of an HEA Title II Teacher Quality Partnership (TQP) grant awarded by the U.S. Department of Education?

<https://www2.ed.gov/programs/tqpartnership/awards.html>

 Yes No

If yes, provide the following:

AWARD YEAR

GRANTEE NAME

PROJECT NAME

GRANT NUMBER

LIST PARTNER DISTRICTS/LEAS (ONE PER LINE)

LIST OTHER PARTNERS (ONE PER LINE)

PROJECT TYPE

- Residency
- Pre-baccalaureate
- Both Residency and Pre-baccalaureate

List of Programs

On this page, review the list of teacher preparation programs offered by your institution of higher education (IHE) or organization. If you submitted an IPRC last year, this list of programs is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to enter the programs in the appropriate reports. For the traditional report, list all traditional programs within the IHE. For the alternative report, list all alternative programs within the IHE. You may edit, delete, and insert new rows as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page. The system will automatically total the number of programs for you.

THIS PAGE INCLUDES:

[>> Program Information](#)

Program Information

List each teacher preparation program included in your alternative, ihe-based route. Indicate if your program or programs participate in a Teacher Quality Partnership Grant awarded by the U.S. Department of Education as described at <https://www2.ed.gov/programs/tqpartnership/awards.html>.

Teacher Preparation Programs	Teacher Quality Partnership Grant Member?	Update
Biology 7-12	No	
Chemistry 7-12	No	
Communication 7-12	No	
English 7-12	No	
Foreign Language: Spanish K-12	No	
Mathematics 7-12	No	
Social Sciences 7-12	No	
Social Studies 7-12	No	

Total number of teacher preparation programs: 8

Program Requirements

THIS PAGE INCLUDES:

- >> [Admissions](#)
- >> [Undergraduate Requirements](#)
- >> [Postgraduate Requirements](#)
- >> [Supervised Clinical Experience](#)

On this page, review and enter information about the program requirements for admission into the program, program completion, and supervised clinical experience. If you submitted an IPRC last year, much of this page is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to specify the requirements in the appropriate reports. For the traditional report, provide the requirements for traditional programs within the IHE. For the alternative report, provide the requirements for the alternative programs within the IHE.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Admissions

1. Indicate when students are formally admitted into your initial teacher certification program:

Postgraduate

If Other, please specify:

2. Does your initial teacher certification program conditionally admit students?

- Yes
 No

3. Provide a link to your website where additional information about admissions requirements can be found:

<https://www.desales.edu/academics/academic-programs/detail/teacher-intern-program-in-secondary-education>

4. Please provide any additional information about or exceptions to the admissions information provided above:

Undergraduate Requirements

Please provide the following information about your teacher preparation program's entry and exit requirements. ([§205\(a\)\(1\)\(C\)\(i\)](#))

1. Are there initial teacher certification programs at the undergraduate level?

- Yes
 No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the rest of the page blank (or [clear responses already entered](#)) then click save at the bottom of the page.

Element	Required for Entry	Required for Exit
Transcript	<input type="radio"/> Yes <input type="radio"/> No	<input type="radio"/> Yes <input type="radio"/> No

2. What is the minimum GPA required for admission into the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

3

3. What was the median GPA of individuals accepted into the program in academic year 2017-18?

3.95

4. What is the minimum GPA required for completing the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

3

5. What was the median GPA of individuals completing the program in academic year 2017-18?

0

6. Please provide any additional information about the information provided above:

No individual completed the program in 2017-18.

Supervised Clinical Experience

Provide the following information about supervised clinical experience in 2017-18. ([§205\(a\)\(1\)\(C\)\(iii\)](#), [§205\(a\)\(1\)\(C\)\(iv\)](#))

[Additional guidance on reporting supervised clinical experience and nonclinical coursework.](#)

Average number of clock hours of supervised clinical experience required prior to student teaching	170
Average number of clock hours required for student teaching	460
Average number of clock hours required for mentoring/induction support	21
Number of full-time equivalent faculty supervising clinical experience during this academic year	0
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	8
Number of students in supervised clinical experience during this academic year	12

Please provide any additional information about or descriptions of the supervised clinical experiences:

Clinical experiences are all graded courses, under the supervision of a university supervisor. The University supervisor visits each candidate in the field. All aspects of the field are evaluated through multiple online evaluation surveys. Our Field and Student Teaching Liaisons work to place candidates in rural, suburban, and urban field placements; an urban experience is required for graduation. Candidates must complete a dual-entry field journal, maintain a field hours log, and write field reports about the school context.

Enrollment

THIS PAGE INCLUDES:

>> [Enrollment](#)

On this page, enter the number of candidates for an initial teaching credential who are enrolled in the initial teacher preparation programs within your institution of higher education (IHE) or organization. **Do not** report on the total number of students enrolled in the entire IHE. **Do not** include individuals who currently hold a teaching credential and are seeking additional licenses or endorsements, or individuals preparing for school-based careers other than classroom teachers (e.g., administrators, guidance counselors).

The Department recognizes that in many cases, candidates voluntarily report their race/ethnicity and gender data, and that in some cases, candidates may choose not to report this information. Please report on the race/ethnicity data you have available, though the data may not be complete. It is not expected that the sum of the enrolled students reported by race/ethnicity or by gender will necessarily equal the total number of students enrolled.

If your IHE offers both traditional and alternative programs, be sure to enter the candidates enrolled in the appropriate reports. For the traditional report, provide only the candidates enrolled in traditional programs within the IHE. For the alternative report, provide only the candidates enrolled in the alternative programs within the IHE.

After entering the enrollment data, save the page using the floating save box at the bottom of the page.

Enrollment

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

[Additional guidance on reporting race and ethnicity data.](#)

Total number of students enrolled in 2017-18	<input type="text" value="6"/>
Unduplicated number of males enrolled in 2017-18	<input type="text" value="2"/>
Unduplicated number of females enrolled in 2017-18	<input type="text" value="4"/>

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled. ([§205\(a\)\(1\)\(C\)\(ii\)\(H\)](#))

2017-18	Number Enrolled

0

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

- >> [Teachers Prepared by Subject Area](#)
- >> [Teachers Prepared by Academic Major](#)

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2017-18. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

[Additional guidance on reporting teachers prepared by subject area.](#)

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2017-18. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

[Additional guidance on reporting teachers prepared by academic major.](#)

Program Completers

On this page, enter the total number of individuals who completed the program in AY 2017-18 and the two prior academic years. If you submitted an IPRC last year, the number of program completers for the two prior academic years are pre-loaded from your prior year's report.

A program completer is a person who has met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript or other written proof of having met the program's requirements. In applying this definition, the fact that an individual has or has not been recommended to the state for initial certification or licensure may not be used as a criterion for determining who is a program completer.

An individual cannot be classified as both enrolled and as a program completer at the same time. An enrolled individual is not a program completer. Once an individual has met all the requirements of a state-approved teacher preparation program and becomes a program completer, the individual is no longer classified as enrolled.

After entering the program completers, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

>> [Program Completers](#)

Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years.

2017-18	<input type="text" value="0"/>
2016-17	<input type="text" value="3"/>
2015-16	<input type="text" value="0"/>

Annual Goals

On this page, review the annual goals in each subject area listed below. If you submitted an IPRC last year, the goals you entered last year are pre-loaded from your prior year's report. Please respond to the questions to report on progress towards the goals, and set new goals for the next academic year.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

- >> [Annual Goals - Mathematics](#)
- >> [Annual Goals - Science](#)
- >> [Annual Goals - Special Education](#)
- >> [Annual Goals - Instruction of Limited English Proficient Students](#)
- >> [Assurances](#)

Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <https://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

Academic year 2017-18

1. Did your program prepare teachers in mathematics in 2017-18?

- Yes
- No (leave remaining questions for year blank)

2. How many prospective teachers did your program plan to add in mathematics in 2017-18?

3

3. Did your program meet the goal for prospective teachers set in mathematics in 2017-18?

- Yes
- No
- Not applicable

4. Description of strategies used to achieve goal, if applicable:

In our third year of offering the Teacher Intern Certification Program, the DeSales graduate program aims to prepare teachers in high-needs areas for effective instruction in the classroom. The well-structured series of courses and field experiences help prepare a small cohort of students including mathematics candidates for working in schools on an intern certification. To attract high-quality candidates into the program, the department utilizes a print and social media campaign as well as hosts multiple Information Sessions virtually and on campus.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

As the program grows, the Department is targeting local school districts, IUs, and the diocese to identify working professionals qualified and motivated to obtain intern certification. Faculty and advisers have reached out to superintendents and school leaders to advertise the program as an available resource for the community.

6. Provide any additional comments, exceptions and explanations below:

Academic year 2018-19

7. Is your program preparing teachers in mathematics in 2018-19?

- Yes
 No (leave remaining questions for year blank)

8. How many prospective teachers did your program plan to add in mathematics in 2018-19?

9. Provide any additional comments, exceptions and explanations below:

Academic year 2019-20

10. Will your program prepare teachers in mathematics in 2019-20?

- Yes
 No (leave remaining questions for year blank)

11. How many prospective teachers does your program plan to add in mathematics in 2019-20?

12. Provide any additional comments, exceptions and explanations below:

Annual Goals - Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <https://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in science in each of three academic years.

Academic year 2017-18

1. Did your program prepare teachers in science in 2017-18?

- Yes
 No (leave remaining questions for year blank)

2. How many prospective teachers did your program plan to add in science in 2017-18?

3. Did your program meet the goal for prospective teachers set in science in 2017-18?

- Yes
 No
 Not applicable

4. Description of strategies used to achieve goal, if applicable:

In our third year of offering the Teacher Intern Certification Program, the DeSales graduate program aims to prepare teachers in high-needs areas for effective instruction in the classroom. The well-structured series of courses and field experiences help prepare a small cohort of students including science candidates for working in schools on an intern certification. To attract high-quality candidates into the program, the department utilizes a print and social media campaign as well as hosts multiple Information Sessions virtually and on campus.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

In order to increase public awareness of our programs, we have begun a targeted social media campaign and increased our visibility in the community through print communication to local partners. The department plans to work more closely with the Da Vinci Science Center, a local science museum and teacher resource center, to identify individuals eligible for the science intern certification program.

6. Provide any additional comments, exceptions and explanations below:

We have begun to work with our local IU to distribute information about the Intern Certification Program to the individuals currently undergoing substitute teacher training. This provides a career pathway for individuals with baccalaureates who are interested in starting a teaching career.

Academic year 2018-19**7. Is your program preparing teachers in science in 2018-19?**

- Yes
 No (leave remaining questions for year blank)

8. How many prospective teachers did your program plan to add in science in 2018-19?**9. Provide any additional comments, exceptions and explanations below:****Academic year 2019-20****10. Will your program prepare teachers in science in 2019-20?**

- Yes
 No (leave remaining questions for year blank)

11. How many prospective teachers does your program plan to add in science in 2019-20?**12. Provide any additional comments, exceptions and explanations below:**

Annual Goals - Special Education

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <https://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in special education in each of three academic years.

Academic year 2017-18

1. Did your program prepare teachers in special education in 2017-18?

- Yes
 No (leave remaining questions for year blank)

2. How many prospective teachers did your program plan to add in special education in 2017-18?

3. Did your program meet the goal for prospective teachers set in special education in 2017-18?

- Yes
 No
 Not applicable

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

Academic year 2018-19

7. Is your program preparing teachers in special education in 2018-19?

Assurances

Please certify that your institution is in compliance with the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#), [§206\(b\)](#)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

1. Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes
 No
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes
 No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes
 No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

1. Past Hiring and Recruitment Trends: DeSales University formed a consortium of local area schools, educational institutions, and industries employing education majors called the DeSales Partners in Education Consortium. There are now almost thirty signed partners. We communicate to the DPEC partners about opportunities at DeSales in an effort to identify possible hires in high-needs areas. 2. Needs of Schools and Instructional Decisions: The DeSales University teacher preparation program works closely with school districts to address new state and local initiatives. For example, our student teachers were prepared in the implementation of Student Learning Objectives (SLO) projects concurrent with the state roll-out of the new Teacher Evaluation System which includes SLOs. In line with the new evaluation system, our students are fully versed in the Danielson Framework for Teaching and are assessed using the Framework descriptors. All graduate level future teachers take a course in Data-Driven Instruction with a local district data leader. 3. Special Education Teachers and Core Subjects: Per PDE regulation for certification, all special education teachers must hold an Instructional Certification in a content area. 4. General Education Teachers working with students with disabilities: All teacher candidates must take three courses in Accommodations and Adaptations for students with disabilities or challenges per PDE requirements. 5. General Education Teachers working with students with limited English proficiency: The skills for teaching English language learners have been infused throughout the curriculum. In addition, all graduate students take ED 515 (Foundations of English Learners) are taught by highly experienced professors in the field of ESL and are evaluated as the most rigorous courses in the curriculum. Teacher candidates must demonstrate planning that they differentiate for diverse student needs in planning and instruction. All teacher candidates must demonstrate sustained experience in fieldwork with English learners. 6. General Education Teachers working with low-income families: All of our teacher candidates will be placed in a high-needs school for at least one third of their pre-student teaching hours. Secondary certification students begin their field experience in a middle school in an urban district. Moreover, discussion of the unique needs of students and families living in poverty are woven throughout courses in the program. 7. General Education Teachers in urban and rural schools. All teacher candidates in order to move into student teaching must demonstrate a significant field experience or multiple experiences in urban schools. In the first field course across all certification areas, students are assigned to an urban placement. In the third field placement, students are assigned to a district that encompasses a rural area within the district. Students will reflect on the specific demographics of the district, especially related to rural poverty. From the basic introductory course (ED 500 Foundations of Education) throughout the teacher education curriculum, issues of urban education including inequalities of funding, urban challenges, working with urban families and communities, and other topics are discussed. Further, teacher candidates must demonstrate in each course that they have advocated for under-served communities and schools in our region. While urban education is more germane to our area, we discuss the challenges of rural education and the inequitable funding and support for rural education as well.

Low-Performing

THIS PAGE INCLUDES:

>> [Low-Performing](#)

On this page, review the questions regarding your program's approval/accreditation and whether your program has been designated as low performing by the state. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program. ([§205\(a\)\(1\)\(D\)](#), [§205\(a\)\(1\)\(E\)](#))

1. Is your teacher preparation program currently approved or accredited?

- Yes
 No

If yes, please specify the organization(s) that approved or accredited your program:

- State
 NCATE
 TEAC
 CAEP
 Other specify:

2. Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

- Yes
 No

Use of Technology

THIS PAGE INCLUDES:

>> [Use of Technology](#)

On this page, review the questions regarding your program's use of technology. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

Yes
 No

- b. use technology effectively to collect data to improve teaching and learning

Yes
 No

- c. use technology effectively to manage data to improve teaching and learning

Yes
 No

- d. use technology effectively to analyze data to improve teaching and learning

Yes
 No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

DeSales University students are well-prepared for the use of technology in the classroom. Candidates must demonstrate a broad range of technology skills in project-based assessments. Teacher candidates take a mandatory orientation to SmartBoard technology just prior to Student Teaching. Teacher candidates are required to include multimedia in all planning documents (unit plans and lesson plans), and they are assessed on their integration of technology during instruction by their University supervisors. In addition, teacher candidates are taught to collect data on the achievement of their students and to use that data in instructional decision making. Students receive instruction in universal design principles in the course on teaching English learners (ED515) as we talk about baseline instruction of what is good for ELs is also beneficial for all learners. Universal design is also integrated into all of our courses focusing on students with special needs. In addition, we have recently added more focus on universal design in our instructional design and planning courses. DeSales University faculty members have undergone additional professional development in technology. In a move to a high-quality, hybrid model all faculty members participated in training on the design of high-quality instruction for online classes, utilizing the principles of universal design. Faculty were introduced to new technologies such as Panopto and Zoom. All faculty members are assessed on their growth in these areas yearly, both through a self-assessment and through a technology-ready program offered by our Distance and Instructional Technology Department.

Teacher Training

THIS PAGE INCLUDES:

>> [Teacher Training](#)

On this page, review the questions about how your program trains general education teachers and special education teachers. For the purposes of these questions, general education teachers means those who are not specifically prepared as special education teachers. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. [\(§205\(a\)\(1\)\(G\)\)](#)

1. Does your program prepare general education teachers to:

a. teach students with disabilities effectively

- Yes
 No

b. participate as a member of individualized education program teams

- Yes
 No

c. teach students who are limited English proficient effectively

- Yes
 No

2. Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

As part of the teacher preparation program, teacher candidates are required to take several courses at the graduate level specifically related to effectively teaching students with both low incidence and high incidence disabilities. Students learn and practice using research-based strategies and techniques that can be used to accommodate students with special needs in an inclusive classroom. They learn how to differentiate instruction and how to provide the supplementary aids and services needed for the student to be successful in the LRE and as outlined in the student's IEP. The courses also focus on preparing the teacher candidates to participate as members of the MDT/IEP team. Course work includes: learning about the MDT/IEP process, identifying the role of each member of the team, identifying the components of an IEP, providing supplementary aids and services, identifying programs and related services, addressing transition, meeting timelines, understanding special education terminology such as due process, NOREP, LRE, and FAPE and being in compliance with the law. Through lecture, discussion, in-class and out-of-class assignments and evaluation, teacher candidates are prepared to participate as members of the MDT/IEP team. They watch video clips explaining the MDT/IEP process and are then asked to summarize the process. Their textbook reading assignments and related articles, as well as lecture with Power Points, inform them of the process. They also participate in hands-on activities such as a mock IEP meeting, writing goals and objectives, and identifying supplementary aids and services. They are asked to critique a sample IEP. All teacher candidates at the graduate level must take the ED 515 Foundations of English Learner Education course, entirely devoted to adapting instruction for English language learners in the mainstream classroom. The course is taught by experienced faculty whose specialty area is ELL education.

3. Does your program prepare special education teachers to:

a. teach students with disabilities effectively

- Yes
- No
- Program does not prepare special education teachers

b. participate as a member of individualized education program teams

- Yes
- No
- Program does not prepare special education teachers

c. teach students who are limited English proficient effectively

- Yes
- No
- Program does not prepare special education teachers

4. Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Although DeSales University provides Special Education certification PreK-8 and 7-12 at the post-baccalaureate level, the certification is not Instructional I and is not offered in the alternative Teacher Intern Certification program.

Contextual Information

On this page, review the contextual information about your program. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

>> [Contextual Information](#)

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

DeSales University is a small Catholic university located in suburban Center Valley in Eastern Pennsylvania. Approximately 3,300 undergraduates are enrolled. Although our setting is rural/suburban, within ten miles is the Allentown School District, a district experiencing significant challenges with issues of poverty and significant numbers of English Language Learners. The Bethlehem School District, five miles north of DeSales, is a district known for its cultural, linguistic, and economic diversity. So, it is essential that the DeSales pre-service teacher be prepared for a classroom that is diverse in all respects. Teacher candidates can earn certification through two routes: undergraduate and graduate. The undergraduate program serves primarily residential students who are seeking a traditional college experience. Students who enter the M.Ed. Program are divided into two streams: 1) certified teachers seeking additional certification or endorsements, and 2) students seeking initial certification. DeSales University requires that full-time faculty teach in the M.Ed. programs as well as the traditional day program to assure continuity of curriculum and ensure quality. Assessment of program quality is accomplished through student evaluation of courses and instructors, graduating student survey immediately after graduation, and alumni survey. In addition, all certification competencies are assessed through examinations, project-based assessments, and standardized teacher exams. The results of the assessments are fully reviewed each May during the Education Department's Assessment Retreat. In addition, assessment and program monitoring is on the agenda at the monthly department meeting.

Supporting Files

No files have been provided.

You may upload files to be included with your report card. You should only upload PDF or Microsoft Word or Excel files. These files will be listed as links in your report card. Upload files in the order that you'd like them to appear.
